

**Mathematicon: An exhibition of
mathematically engineered images**

<http://www.eclecticon.info/mathematicon.htm>

Signed copies of all works can be purchased for £168 each. This includes a high quality bespoke frame with flat black deep rebate moulding and antique white conservation mount board.

Works can be ordered by email to
andy.french@physics.org

Alternative colour schemes available on request*

All artisan framing is done locally in Winchester at Kingsgate Books & Prints
www.kingsgatebooksandprints.co.uk

*There will be a charge for this in proportion to the complexity of the colour palette changes required. Email andy.french@physics.org to discuss options.
