

Eosinophilic oesophagitis

To the tune of *Supercalifragilisticexpialidocious* from
Mary Poppins

Chorus

C G
It's E O SINO PHILIC OESO PHAG ITUS
G7
It makes it hard to swallow and makes eating steak a
C
crisis. When some white blood cells transform

C7 F
from saviours in into vices
F C G C
E O SINO PHILIC OESO PHAG ITUS

C G
I can't eat a toffee, can't eat a pie ...
C G
Can't eat a toffee, can't eat a pie ...
C G
I can't eat a toffee, can't eat a pie ...
C G
Can't eat a toffee, can't eat a pie ...

C G
A healthy digestive tract can stretch three times as wide
G7

It's how we transfer solid food from mouth to our
C

insides. But when the lining of this tube gets
C7 F
chronically inflamed

D D7
Eating won't be so much fun, and pesticides we'll
G
blame

Chorus

C G
If you take *Jorveza*, that's a drug called *budesonide*
G7 C
It will help you eat some fish, raw or grilled or fried
C7 F
But if instead you're diagnosed with minor indigestion
D D7 G
Go back to your GP and politely ask the question:

"Is it?..." ***Chorus***

C
In Cambridge there's some better tools
G
than endo-scopy

The causes aren't precisely known
G7 C
Perhaps a lack of vitamin D

It might be due to processed foods
C7 F
Or babies' cots germ free
D D7 G
But whatever vector started it, this asthma's quite nasty

C G
It's E O SINO PHILIC OESO PHAG ITUS
G7 C
E O SINO PHILIC OESO PHAG ITUS
C7 F
E O SINO PHILIC OESO PHAG ITUS
F C G C
E O SINO PHILIC OESO PHAG ITUS

F C G C
