then E7sus4

I started fixing bikes (then scooters too)
G Esus4 E
Bought a raspberry pi (made a drone that could fly)
F C E Am F Esus4
Used a saw and cut some wood, made a floor that's parquet
E
(Got a groovy inlay)
Am G F
I'm happy as can be, coding javascript
G Esus4 E
matlab, python and C (and some HTTP)

Am G F
Cos' I'm an Engin, Engin-need
G Esus4 E
it's what I'm meant to be

Am G F
When I go to church
G Esus4 E
I like buttresses and naves
F F C E Am
It's those Gothic architects
F Esus4 E
that I admire (ooh I do love a spire)

Am G F
But the seats could be designed (not so straight aligned)
G Esus4 E
To be soft and heated through (and with USB too)
Am G F
To engineer the world (engineer the world)
G Esus4 E
that's what I'm gonna' do

Am Am7 Am
I did a course In project management too....
F C E Am F E
I made a big flow chart, and followed it, through
Am G F G
But it wasn't the same, as making some stuff
E
Plain office work was never enough
Am G F G
So, I, went to my shed, did some welding instead
E
Made a superhero suit coloured red...

Am G F
Now I work on turbines, rockets and cars
G Esus4 E
Made electric guitars (and a mission to Mars)
F F C E Am
I've launched, satellites in space
F Esus4 E
Designed a better toothpaste (with no plastic waste)
Am G F
Say bye bye fossil fuels, with my fusion tools
G Esus4 E
And net zero rules (I'll suffer no fools)

Am G F
Cos' I'm an Engin, Engin-need
G Am G F
Workin' as an Engin, Engin-need
G Am G F
Designin' as an Engin, Engin-need
G Esus4 E A
it's what I'm meant to be....
